## EXPERIENCE

### **daft labs** / Burlington, VT – *Front-End Engineer*

DECEMBER 2014 – APRIL 2018

Designed and built web and mobile applications using JavaScript. Collaborated with product stakeholders, back-end engineers and designers to transform ideas into tangible features and actionable development plans.

### **Forefront Design** / Litchfield, CT (Contractor, Remote) – *Web Developer*

MAY 2010 – DECEMBER 2014 [ONGOING, AS NEEDED]

Developed static websites and WordPress themes using provided assets and mock-ups from designers. Adapted non-responsive designs to be appropriate for use on mobile.

### **Freelance** / Remote – *Web Developer*

JANUARY 2008 – PRESENT

Designed and built custom static websites, WordPress solutions, Shopify templates and more for a variety of small businesses and personal clients. Provided consultation to help clients choose the most appropriate solution depending on requirements.

### **Union Street Media** / Burlington, VT – *Junior Web Developer*

JANUARY 2014 – MAY 2014

Built WordPress themes for a variety of clients in collaboration with an in-house design team. Provided technical support and maintenance to client websites.

### **Champlain College** / Burlington, VT – *Web Developer*

MAY 2010 – MAY 2011

Designed web pages to promote the offerings of the Champlain College Career Services department. Used HTML and CSS to integrate the designs with the preexisting CMS.

### **Bond Dinettes** / Newington, CT – *Web Designer*

OCTOBER 2008 – APRIL 2010

Collaborated with management to maintain an e-commerce and brochure-style website. Designed graphics for various print and web promotional materials.

## EDUCATION

### **Champlain College** / Burlington, VT – *B.S. Graphic Design & Digital Media*

2010 – 2014

Set up a personalized program to strengthen my skills in visual design. Attended classes including Typography I & II, Interaction Design, Publishing and Web Design.
